The **AFRICAN VIOLET** is still the most popular of house plants. With a little care they can be kept in bloom all through the year. We grow them in a wide variety of blossom colors and foliage variations.

### INSTRUCTIONS FOR ORDERING

Please print your name and full address including City and State. Please be sure to inclose check or money order as we do not send C.O.D.

Canadian and Philippine customers must obtain an import permit from your Department of Agriculture and forward this to us. Postage is at your cost on all orders for Violets that go out of the U.S.A.

We send all retail orders in the U.S.A. by mail—Special Handling—and we pay the postage. If the order is for less than \$5.00, please send 50c for handling. Special Delivery is 50c additional.

WHOLESALE—We have a special wholesale price for the Hobbyist who buys 12 or more plants at one time. These may be assorted and each plant should be figured at its list wholesale price. Wholesale orders are always sent by Express and you pay the express charges on arrival.

As the Express company will guarantee safe arrival, we are able to ship wholesale orders all through the year. We use a winter pack in cold weather.

We are usually able to send retail orders to our Pacific Coast customers at any time by mail. If you live in a cold district we will fill your retail orders as soon as weather permits.

Please list a few substitutes. We seldom substitute and will not do so if you so request.

Plants are mostly in bud or bloom when shipped. They are in 2¼" pots. This size recovers quickly from shipping shock.

All varieties may be combined to make up a wholesale order. Be sure to figure each one at its correct price.

**All our plants are State Inspected and may be shipped to any part of the U.S.A.**

**We have Special Inspection for plants sent to other countries.**

### SOME OF OUR CUSTOMERS TELL US . . .

"I wrote you some time ago telling you how nicely the Violets came through. I have ordered from many places, but your Violets are the nicest I have ever come in contact with." —Mrs. F. W., Nebraska.

"The African Violets arrived in rather good condition yesterday." —Cuba.  
Every leaf as fresh as if it had been picked this morning." —Mrs. F. W., Manila, P. I.

"Violets come in splendid condition and were among the nicest I have received from anywhere." —Minnesota.

"My last shipment arrived and are growing fine." —California.

"Leaves arrived in perfect condition even though Chicago temperature was 10 above zero." —Mrs. Wm. E. K., Illinois.

The following varieties are criginations of MRS. EDWIN ANDERSON of LANSING, MICHIGAN, and are all registered varieties. Official color chart colors. Properly grown they make good exhibition plants to help you get those ribbons at the shows.
